VIGILANTES AND I.W.W.'S SCORED

Commissioner Weinstock Aft-
er Both in 10,000-Word
Report to Gov. Johnson

INVOKES DRASTIC HAND
OF LAW FOR VIGILANTES

Would Have Them Fined, Jail-
ed and Deprived of

Citizenship

SACRAMENTO, May 18.—A sting-
ing denunciation of the campaigning
of the Industrial Workers of the
World of San Diego, and an even
greater denunciation of the vigilantes
there, whom he convicts of un-
American and unchristianized abuse of the
disturbers, and recommendation that
the state authorities take a drastic
hand in the struggle there, are fea-
tures of the ten thousand word re-
port sent to Governor Johnson by
Harris Weinstock, appointed as
commissioner to investigate the San
Diego labor war.

Weinstock scores District Attorney
Utley of San Diego, quoting the fed-
eral statutes to recommend that the
vigilantes be fined \$5,000 each, that
they should be imprisoned and be
subject to forfeiture of citizenship.
He declares the vigilantes "made
themselves far greater criminals
than those whom they brand as an-
archists and the sons of the earth."
He gives an exhaustive account of
the I. W. W. affair, declaring that his
efforts to investigate were ignored,
and almost opposed by the district
attorney and other officials. He
says: "Your commissioner is frank
to confess that when he became sat-
isfied of the truth of the stories re-
lated by the unfortunate men it was
hard to believe he was not sojourning
in Russia and conducting an in-
vestigation there instead of in this
savage 'home of the brave and land
of the free.' Surely overwhelming
evidence shows these American men
were assaulted with weapons in a
most cowardly and brutal manner."

Weinstock stated that he did not
approve of the Industrialists' teach-
ings, saying that if they were fol-
lowed, it would mean a nation of
liars, thieves and scoundrels, but ad-
vises that the matter be submitted to
the attorney general to consider the
evidence stated by the attorneys for
the "victims of these outrages."

Citing the case of Julius Tum, the
union tailor, who was not affiliated
with either the Industrialists or the So-
cialists, but who was beaten with
clubs and a blacksnake whip after
being forced to kiss the Star Spangled
banner, and to sing the "Land
of the Free and the Home of the
Brave," Weinstock further says:

"In common with his fellow vic-
tims, his sacred rights of life, lib-
erty and happiness, guaranteed un-
der the constitution, were trampled
under foot by men who, in the name
of the law as an alleged vigilance
committee, proved themselves the
bitterest enemies of law and order."

Giving the reasons for the reign of
terror, Weinstock quotes the San Di-
ego papers which, he alleged, had
done much to foment violence. From
the San Diego Tribune of April 6th he
quotes:

The Texas, New U.S. Dreadnaught Launched Today

NEWPORT NEWS, Va., May
18.—The battleship Texas, the
newest dreadnaught, was launched
today in the presence of a
distinguished company, includ-
ing Miss Helen Taft, the Presi-
dent's daughter, Secretary of the
Navy Meyer, Admirals Fletcher
and Watt, and the entire Texas
congressional delegation. The
dreadnaught was christened by
Claudia Lyon, the daughter of
Cecil Lyon, the Texas Republi-
can National committeeman.

The New York, the sister ship
of the Texas, will be launched
within four months. These ships
will be the most powerful in the
U. S. navy.

"Bungalow Murderer"

Believed in Southern California
LOS ANGELES, May 18.—Refusing
to divulge information, but asserting
his belief that the Los Angeles
"bungalow murderer" is somewhere in
Southern California, the police re-
newed their search with added zeal
today. Warehouses and hotels are be-
ing searched for the woman's trunk,
which it is believed the man secreted.
They are believed to contain a clue
to the identity of the murderer.

Utley Stands on Record

SAN DIEGO, May 18.—District At-
torney H. S. Utley, commenting on
the Weinstock Industrial Workers re-
port said:

"Any statement that I have not done
my duty is an absolute falsehood. I
consider Weinstock's coming here an
insult to me and to the community."
Utley declared that he is willing to
stand on his own record that he is
not responsible to Weinstock or to
the governor.

NEW PAVING IS REVOLUTION MEETING WITH FAVOR AT STAKE IN MEXICO

Many Bush Street Property
Owners Want the Stuff
That Looks Good

CHESTNUT AVENUE
MEETING TONIGHT

Committee Circulating Petition
on Bush Street—Vrooman
Act Likely

The indications are that within
the next few months Santa Ana will
have a good many blocks of street
paved with oiled-asphaltic pavement.
This is a new pavement so far as
Santa Ana is concerned, but it is not
new to some other cities of Southern
California.

Oiled-asphaltic pavement has been
investigated by a committee com-
posed of R. J. Thompson, J. W.
Sauer and C. S. Forgy for the Chest-
nut avenue property owners, and
they are immensely pleased with it.
The pavement has a concrete base
and a surface that gives but will not
crack. Blake Brothers of Los An-
geles is a firm of contractors with
whom the committee talked, and
members of that firm are here today
and specifications are being drawn
up with a view to securing signa-
tures to a tract for the paving of
Bush street from Fifth to Eighth
street.

The prospect for paving Bush
street is better now than ever be-
fore. Last night there was a meet-
ing of property owners at the home
of W. E. Winslow on Bush street. C.
S. Forgy, who lives on Bush street,
and who was a member of the Chest-
nut avenue committee, he owning
five acres on Chestnut avenue, strong-
ly favors the new pavement over the
gravel and oil street surfacing that
has been done on many of the streets.

The street work that is now being
done on the Plaza at Orange costs
sixteen cents per square foot. The
proposed oiled-asphaltic pavement
will cost ten cents per square foot.

City Trustee W. L. Grubb was ac-
quainted with one of the Blake
brothers in Denver, where a large
amount of the oiled-asphaltic pave-
ment was put down years ago. Grubb
expects to make a trip to Colorado
within a few days, and will inspect
the streets laid down several years
ago by the Blake brothers.

The Chestnut avenue property
owners are much interested in the
new pavement, and will hold a meet-
ing tonight at the city hall with
Blake brothers.

A committee, consisting of Mrs. W.
E. Winslow, Mrs. J. I. Clark and Mrs.
P. R. Reynolds, is circulating the
petition to the city trustees asking
for the paving of Bush street from
Fifth to Eighth.

Vrooman act proceedings may be
employed in getting the street paved
in the manner that majority of the
property owners want it paved, and
for that reason the procedure look-
ing to such a probability is being
taken up.

PRE-COOLING RULING MADE FOR GROWERS

Citrus Men Favored by Com-

preliminary injunction sought
by the Southern Pacific rail-
road against the latest decision
of the Interstate Commerce
Commission in litigation re-
sulting from the pre-cooling
and pre-icing cases started by
the California citrus growers.
The decision saves the grow-
ers \$800,000 annually.

DETAILS MEAGER—WIRES
CUT—LEADERS ENGAGED

Federals Have Advantage in
Better Equipment and
Greater Numbers

MEXICO CITY, May 18.—
With the life of the Mexican
revolution at stake, General
Orozco's rebels and General
Huerta's federals engaged in a
terrific struggle this afternoon
near Ceballos, according to
dispatches here. All telegraph
wires have been cut, and only
meager details are so far re-
ceived.

The federals are reported as
having the advantage, being
better equipped and having
greater numbers of men.

An attack on Torreon by the
rebels began simultaneously.
It is believed the battle will be
the bloodiest of the war.

SAN DIEGO, May 18.—Passengers
arriving from the west coast of Mex-
ico on the steamer Benito Juarez say
that American lives there are not jeo-
pardized. The transport Buford is en
route here with persons who wished
to leave the country but who had no
money to pay for passage. Few desired
to leave. Conditions are quiet on
the west coast.

JAS. A. JOHNSTONE

SAN FRANCISCO, May 18.—James
A. Johnstone, chairman of the State
Board of Control, has been announced
as the new warden of the Folsom
Penitentiary, succeeding William H.
Reilly, who resigned a month ago,
following charges of incompetency.

Reilly was appointed from Ventura
three years ago. He plans to enter

FINE NEW \$35,000 HOME OF UNITED PRESBYTERIANS IS TO BE DEDICATED TOMORROW

Sermons of Eventful Day to be
Preached by Monmouth
College President

Congregation of Church Or-
ganized in 1876 to Enter
Its New Building

Tomorrow will be dedicated the fine
new church of the First United Pres-
byterians, at the corner of Sixth and
Bush streets.
Services will be held morning, af-
ternoon and evening. Monday even-
ing will occur the first organ recital,
with the new organ and new organist,
C. Percival Garratt who came here
from Hamilton, Ont. Tuesday even-
ing will be held a congregational sup-
per and reception in honor of former
pastors and members of the church,
now living elsewhere. Many of these
old friends are coming to Santa Ana
to be present during the three days of
rejoicing over the completion of the
fine church home, long waited and
worked for.

Handsome Structure
The new church is the admiration
of all who see it. The interior is fin-
ished in harmonious tints, the wood-
work being of oak finish. The church
and furniture cost \$30,000, and the
pipe-organ, which is the gift of An-
drew Getty, cost \$5,000.

The church measures 70 by 115
feet, there being a basement beneath
the entire building.

The auditorium, measuring 68 by
46 feet, seats 450 people. To the east
are the Sunday school assembly and
class rooms. Between the Sunday
school department and the auditorium
are huge doors, which open and close
easily. With these doors open there
may be seated 1000 people all in full
view of the pulpit. The arrangement
of the entire building is modern in
every respect. There are waiting
rooms, toilets, a heating and ventila-
ting plant and other conveniences.
The basement is admirably fitted up
for social affairs. The kitchen is a
model of convenience.

The church is in the Grecian style,
both inside and outside. H. M. Pat-
terson of Los Angeles, is the archi-
tect.

College President
The dedicatory sermon will be
preached by Dr. T. H. McMichael,
president of Monmouth College of
Monmouth, Illinois. Dr. McMichael
is one of the leading denominational
educators in the United States. The
dedicatory services will be in charge
of the pastor, Rev. W. L. C. Samson.

The program for the public services
and recital follows:
Dedicatory sermon, 11 a. m., by
Rev. T. H. McMichael, D. D., president
of Monmouth College, Monmouth, Ill-
inois. Dr. McMichael will also preach
at the evening service, his sermon
subject being: "Christian Collegiate
Education."

The fraternal service, 3 p. m., with
short addresses by pastors of Santa
Ana congregations.
Sabbath school, 9:30 a. m.; C. E.
and intermediate meetings 6:15 p.
m. Each of these services will be ap-
propriate to the entering of the new
church home. The C. E. will be ad-
dressed by Dr. Loecher, 116 East Fourth street.

OFFICIAL COUNT ROOSEVELT DEFEATED TAFT THIS COUNTY BY A VOTE OF 2665 TO 1349

By the official count of Tuesday's
election Roosevelt defeated Taft in
Orange County by 1316 votes.

County Clerk Williams has com-
pleted his certified copy of election
returns and has forwarded it to the
secretary of state. There were no
changes of any consequence in the
semi-official returns.

The figures as officially totaled for
the presidential preference vote and
for the first delegates on the five lists
follow:

Republican presidential preference
—Roosevelt, 2665; Taft, 1349; La Fol-
lette, 350.
Democratic presidential preference
—Wilson, 279; Clark, 647.

Commercial High School Is Best In the State

The Commercial High School of
Santa Ana in two years has become
established as the most thorough in-
stitution of its kind in the state. Prin-
cipal Hughes and his staff of
teachers are doing excellent work, as
a visit to the school will show.
The school has from ninety to one
hundred pupils in the different de-
partments. The aim of the work is
to fit the students for the kind of
work they will be called upon to do
in business life. Proficiency is the
rule rather than marks and credits
such as are used in most schools for
grades.

The most interesting room of the
building is the room in advanced book-
keeping. Each student runs a busi-

All are cordially invited to these
opening services of the new church.

One of the First
The United Presbyterian church
was one of the first churches organ-
ized in Santa Ana. The organization
occurred at a meeting at the home of
James McFadden on December 26,
1876. Rev. D. S. McHenry, the first
pastor, being present. A church build-
ing was erected on East Fourth street
in 1878. This building was added to
in 1897, and since then has been used
as then completed.

bonds would be taken by Staats com-
pany at once, and it was immediately
concluded to hold a meeting next Wed-

hasten plans for the grammar school
building. It appears, however, that
the bonds are all in the same boat. If
the buyers will take them and the
Board of Supervisors will let them

ter will be soon settled. However,
City Attorney Heathman says that his
idea is that the high school bonds

COURT FINDS BONDS ARE VALID

Decision Upholding \$200,000
and \$25,000 Issue Brings
Joy to Santa Ana

WILL BUYERS NOW
TAKE THE BONDS?

Some Intimation That New Bids

Will be Called For—Writes

Are to Issue

"Santa Ana School District
vs. Talbert." Writ granted in
both cases."

These words written on a
postal card received by City
Attorney Heathman yesterday
afternoon brought the news
from the Appellate Court that
the \$200,000 high school
bonds and the \$25,000 gram-
mar school bonds, voted by
Santa Ana last December, had
been declared valid by the Ap-
pellate Court.

This news brings joy to the people
of Santa Ana, whose chances for get-
ting a polytechnic high school had
been threatened by the refusal of the
bond buyers to accept the bonds.

The \$200,000 issued was bid in \$50,-
000 lots and the award was made by
the Board of Supervisors to J. H.
Adams & Company of Los Angeles,
and the \$25,000 issue went to Wm. R.
Staats Company. Both bidders put up
certified checks, and their bids were
subject to the approval of the bonds
by their attorneys.

The attorneys reported that the
bonds were invalid.

Negotiations were taken up by City
Attorney Heathman and Attorney J. L.
Williams for the school board and
District Attorney West for the super-
visors with the bond attorneys and
the bond buyers, with the result that
the buyers stated that they would ac-
cept the bonds should an appellate
court decision be secured approving
the bonds.

City Attorney Heathman was con-
fident that the bonds were good. Two
points were raised against them, one
involving the leaving out of a comma
and the other involving an omnibus
phrase which might make the money
available for any school purpose, not
confined to the purpose for which the
bonds were issued.

The matter was brought to issue by
the refusal of Chairman Talbert of
the supervisors to sign the bonds. Of
course, Talbert was as anxious as any-
one for the bonds to be proven good,
and he refused to sign by arrange-
ment that the bonds could be tested.
A suit of mandamus was begun, ask-
ing for a writ to compel Talbert to
sign. This brought the question of
the validity of the bonds to the atten-
tion of the court, and upon these
points the writs have been ordered is-
sued from the Appellate Court.

Owing to the delay in securing a de-
cision, the bond buyers withdrew their
certified checks from the office of the
county clerk, and there is no money
up to bind them to take the bonds.
Wm. R. Staats Co. received its cer-
tified check three days ago, insisting
that the decision was so slow coming
that it would not wait longer.

pression that the grammar school

BEGIN FLYING AT 2 O'CLOCK

Motor-Boat Will be Put up
Against Hydro-Aeroplane
For Speed Test

Scores of people are going from Santa Ana and nearby towns tomorrow to the points along Newport Bay to see Glenn Martin fly in his hydro-aeroplane. The start of the exhibition has been set for 2 o'clock in the afternoon.

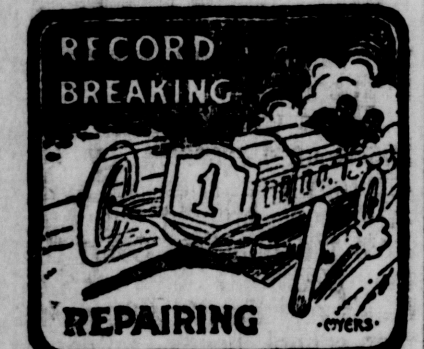

Martin will fly over all the points of the sandspit. There will be a race of a mile or two miles between the hydro-aeroplane and Lee Collins in a motor-boat. The motor-boat can travel thirty miles an hour. With the wind, Martin can go sixty miles an hour. Against the wind the speed is materially retarded. The chances are that the race will be on water entirely. Martin driving his machine as rapidly as possible without rising into the air, which he may have to do occasionally to keep the boat from plowing under the surface. The race will be an interesting one.

Dyspepsia, Gas, Heartburn, or
Indigestion go in Five
Minutes

As there is often some one in your family who suffers an attack of indigestion or some form of Stomach trouble, why don't you keep some Diapiesin in the house handy?

This harmless blessing will digest anything you can eat without the slightest discomfort, and overcome a sour, gassy Stomach five minutes after.

Tell your pharmacist to let you read the formula, plainly printed on these 50-cases of Pape's Diapiesin, then you will readily see why it makes indigestion, Sour Stomach, Heartburn and other distress go in five minutes, and relieves at once such miseries as Belching of Gas, Eruptions of sour, undigested food, Nausea, Headaches, Dizziness, Constipation and other Stomach disorders.

Some folks have tried so long to find relief from Indigestion and Dyspepsia or an out-of-order stomach with the common, every-day cures advertised that they have about made up their minds that they have something else wrong, or believe there is a case of Nervousness, Gastritis, Catarrh of the Stomach or Cancer.

This, no doubt, is a serious mistake. Your real trouble is, what you eat does not digest; instead, it ferments and sours, turns to acid. Gas and Stomach poison, which putrefy in the digestive tract and intestines, and besides, poison the breath with nauseous odors.

A hearty appetite, with thorough digestion, and without the slightest discomfort or misery of the Stomach, is waiting for you as soon as you decide to try Pape's Diapiesin.

PAID OVER NOMINATIONS

Candidate Must Have Been
Qualified Elector Five Years
and be Freeholder

There is considerable talk on the street of the advisability of co-operation between the Merchants & Manufacturers' Association, Chamber of Commerce and Board of City Trustees in getting out men to run for the board of freeholders, to be elected on July 2 to frame a charter for Santa Ana. This proposition may take definite form, and is generally looked upon with favor for the reason that it will make it certain that there will be candidates in the field. The time will be short for the filing of nomination papers after this election ordinance is finally adopted next Monday evening, and co-operation will be necessary in order to make certain that there will be enough candidates to give the people a choice.

A number of people had talked of P. L. Tope as a candidate for a position on the board of fifteen. Tope went to the office of City Clerk Burke this morning to examine into the provisions of the law, and found that he is not eligible to go on the board. The law requires that each member of the board must have been a qualified elector here for at least five years and must be a freeholder, which means that he must hold title in fee simple or title for life to real estate in Santa Ana.

Women are barred from running for election to the board for the reason that have not been electors for at least five years.

City Clerk Burke and City Attorney Heathman have been making a careful study of the law. As yet the city attorney attorney has not decided what compensation, if any, shall be provided for the fifteen members of the board of freeholders.

EAST NEWPORT NEWS BUDGET

EAST NEWPORT, May 18.—Mrs. Thos. Rose, who has been the guest of Mrs. L. Wilson for several days, returned to her home in Riverside Thursday morning.

Mrs. E. Adella Burnham came in Wednesday evening from South Pasadena to spend the next two weeks in her cottage on Buena Vista boulevard.

Mr. and Mrs. W. B. Luckenbach and family of Los Angeles were arrivals on an early train Thursday, to enjoy two weeks' vacation.

On Thursday afternoon, of this week, the Ebell Club held its annual meeting, which is the final session of the club year, and inaugurated the first annual club luncheon. Fourteen members were present at the luncheon served at the East Newport Cafe, under the management of Mrs. J. E. Cooley. The tables were formed in the shape of an "E," and the dining room had been elaborately decorated with wild mustard, sand daisy and marigolds, yellow and white being the club colors. At the close of the luncheon, after toasts to old and new members, and to the president, the final session was held in the club room, where the final reports of the standing committees were read and approved. For the ensuing year the following committees were

You Want the Best— Not the Cheapest

Flanders "20" Roadster, \$750

Don't be alarmed if somebody tells you you can buy an automobile for less money than the \$750 Studebaker-Flanders "20." You can, but you better not. The Flanders "20" corresponds point by point with the best and highest priced cars sold. Cheaper cars at every vital point are built on ideas long ago discarded for good cars. Don't take our word for it. Make comparisons and see.

The Studebaker-Flanders "20" is a marvel—a high grade modern car at a low price. If you pay less you buy much less. And the cheaper car today will cost you far more in the long run. The competing car isn't sold which the Studebaker Corporation, the greatest automobile manufacturers in the world, couldn't reproduce for less money; but we won't build a cheap car, because the name "Studebaker" means the best for your money.

If you are content with a car that runs today and dies tomorrow, don't buy the \$750 Flanders "20." It will wear for years. Remember this—the Studebaker-Flanders "20" will outwear 2 to 1 any other car under \$1100 and give you double satisfaction, confidence and comfort into the bargain.

Home Builders

Building 4 City Blocks of Houses

Every House Sold Before Built No Idle Money Here!

At the present time "Home Builders" has under course of construction, more than \$75,000 worth of houses. Estimating each house at a value of \$2000 and situated on an average sized Los Angeles home site of 50 feet frontage, there is a continuous string of 1850 feet of frontage, which is equal to four average city blocks. This would be 37 happy homes which, if each had the usual five members, would be supplying 185 people with shelter.

These houses are not all in a string, but, by "Home Builders" plan of building for the buyer anywhere he owns his lot, they are thus widely situated throughout the city.

"Home Builders" builds no homes before they are sold. It has perhaps ten contracts offered for every one it is able to accept, finance and build. It is always sure of its profit and knows the security is ample for the funds it invests in the contract.

You can share in this great city building enterprise. It is as sure as first mortgage or trust deed security can yield. The profits are large because the volume of business is large and the cost of administration is small.

Those who have owned shares in "Home Builders" for the four years it has been in operation have already received more than \$600 in cash dividends upon each \$1000 invested in shares and the \$1000 worth of shares have a market value today of \$2600.

Remember "Home Builders" is different from any other building company operating here. It is not dependent upon real estate sales for its profit. It has all of the safety coming from mortgage or trust deed investment. It is conservative and it is wisely, profitably, progressively managed.

WOODSHED BURNED GARAGE WAS SAVED

Fire Started Either by Careless Boys or From a Bonfire Near by

Soon after 6 o'clock this morning, fire broke out in an old woodshed at the home of William Thursty, 417 East Walnut. The firemen arrived quickly, and a stream of water soon ended the blaze. The woodshed was at the rear of the lot, and adjoined F. T. Smith's garage, the west side of which was a place when the water was turned on.

It is not known how the fire started. Last evening several boys were hiding in the shed, and fire may have smoldered from that. The fire may have caught from a small bonfire built this morning in the back yard a few yards from the shed.

The roof of the woodshed was destroyed. The wood was damaged but little.

PRIMARY VOTE

The San Francisco Chronicle and the Los Angeles Times both find fault with the direct primary, because only a fraction of Republicans voted. Aren't they satisfied with 75,000 plurality for Roosevelt? It really would have been unkind if more Republicans had voted, as it would only have been "more of the same." Many circumstances indicate that a larger percentage of Taft supporters actually voted than did Roosevelt or La Follette supporters. There was an almost reckless feeling of over-confidence in the Roosevelt camp that hindsight justified, to be sure, but prudent foresight did not. With La Follette looming as a large factor, the Taft people took heart of hope. If every Taft vote should be brought out, it was felt Taft had a chance, and herculean effort was made to bring this vote out. In Los Angeles the Taft forces by a last day political coup had got a corner on autos for hire, while in Fresno the number of private and company machines at the service of the Taft forces was a subject of comment about the polling places. The Taft vote was not brought out because it was not there to bring out. In two or three precincts in Fresno county and in quite a number throughout the valley Taft did not get a single vote. And it is significant in this connection that precinct workers had previously reported inability to find Taft votes.

But, even if the vote was light—which, by the way, it was not—why should those who stand for the old form of primaries complain? At what old form of primaries were 350,000 votes ever polled? At the most hotly contested old-fashioned primaries only a handful of professional politicians and their henchmen voted. With the ideal as a criterion, the direct primary or any human device is criticizable; in contrast with the old primaries, the direct primary is so far ahead that there is no measuring the distance. By the next presidential election it will be in universal operation in all the states.

Now, as to the vote being light. Upon a general election, when not only the issues but the personal appeal of many candidates draw to the polls, 80 per cent of the registered vote is considered large. It is estimated that 350,000 voters expressed their preference at the primary. Talk that this is a light primary vote is not justified.—Fresno Republican.

RIDICULOUS CLAIMS

Pasadena News: Fully as ridiculous as the claims made by the Taft and La Follette managers in California the eve of the primary election are those given publicity by Representative McKinley, Taft's general manager at Washington, whose assertion that the President is within fifteen votes of actual control of the Chicago convention is a palpable untruth. The Daily News has kept careful tab on the delegates elected and instructed to date and allowing Mr. Taft every contested seat he has, thus far, a total of 358 delegates. If New York should decide to cast eighty-three of her ninety for the President in order to hold the line that he would have 441 votes, with Idaho, Montana, New Jersey, Louisiana, Minnesota, South Dakota, and Ohio still to report.

We figure that he may get five in Idaho, four in Montana, twenty-four in Ohio, twelve in Louisiana, two in Minnesota and twelve in New Jersey, a total of fifty-nine. Add these to the 441 and he has a round 500 or forty short of control. But this is to concede the President favorable decisions in every contested case coming before the Republican national central committee, a wholly unlikely procedure. Roosevelt is certain to get a percentage of the disputed seats and there is a rumor that these will be equally divided, allowing half a vote to each candidate. If that is done Mr. Taft's 500 will dwindle measurably, since there are upward of 175 contested cases. McKinley's method of figuring is best revealed by the fact that he is claiming fourteen votes for his principal in Washington, where the Taft men in the split convention offered to yield ten votes to Roosevelt if the latter's following would concede the other four, which overture was declined. He is also claiming North Carolina whose twenty-four votes have been settled in favor of Roosevelt.

Today the Colonel has 350 delegates behind his candidacy for nomination with these in sight: Texas 40, South Dakota 10, Ohio 24, New Jersey 12, Minnesota 22, Idaho 3, Montana 4, a total of 115 or 465 in all. Were the contestants to be divided on the one-

Oregon's Graduated Single Tax

BY EDWARD P. E. TROY

The people of Oregon have determined to equalize the burdens of taxation in that state. By devoting laws and more devious enforcement of them, the railroads, lighting companies and other public-service corporations and owners of valuable lands and lots have escaped their fair share of taxation.

In Clackamas county, the value of the water powers owned and claimed by the Portland Railway Light and Power Company (which company the San Francisco Chronicle says is owned by the Southern Pacific Railroad) at Willamette Falls and Cazo-dore is equal almost to the value of all of the cultivated and uncultivated lands and town lots in that county. The fact that these two water powers cannot be assessed under the present laws, made all the other property owners pay about double the taxes they should have paid each year.

At Oregon City water sufficient to generate 50,000 horsepower is running to waste over the Willamette Falls, because the Portland Railway Company will not permit any one to use it without paying an enormous tribute. Over 1000 men would be given employment at this place. If this power, harnessed without cost to nature, were not held out of use by that corporation.

Recognizing that the holding of land out of use prevents the development of the State as much as the holding of water power out of use, the Progressives of Oregon are offering to the voters a constitutional amendment that will force those who monopolize natural resources to either put them to proper use, or let some one else do so. Under the provisions of the "Graduated Single Tax Amendment," the system of taxation existing in the local districts may be amended or repealed at any election by the people. A graduated tax shall be charged in addition thereto.

Every public-service corporation assessed for \$10,000 on its franchises and rights of way in any county, and every person owning land and natural resources within the county of the value of \$10,000, shall be assessed \$2.50 on each \$10,000 above \$10,000 up to \$20,000, and at an increasing rate for each additional \$10,000, until for persons assessed for more than \$100,000 the tax shall be \$30 for each \$1000 above that amount.

The people of any county may tax personal property, if they wish, for local purposes, but otherwise personal property shall not be taxed in Oregon. The transfer of property to any person for the purpose of avoid-

half vote basis he would have enough to control. For that reason we doubt the rumored division of course, a majority of the national committee being inimical to the Roosevelt candidacy.

ILLITERACY

America's public schools have made a great improvement in the last ten years. A corresponding decrease in the rate of illiteracy is also found in certain parts of the country.

For example, the percentage of illiteracy in Iowa is now lower than any other state in the union, 1.7 per cent. The average of the north central states is 2.9 per cent, while Indiana, Wisconsin and Michigan vary between 3.1 and 3.3 per cent.

On the other hand New York and the New England states show no improvement. The percentages still remain at about 5.2 and 5.5 respectively. Along with this is the shifting of the source of immigration from northwestern to southern and eastern Europe, and the increasingly high percentage of illiteracy among immigrants.

One is led to wonder whether we are not shouldering much of Europe's burden of illiteracy.

ing taxation, shall vest the title of the property in the person to whom it has been transferred, and the transfer to a corporation or a dummy for the same purpose shall forfeit the property to the State. The amendment also provides that no public-service corporation shall own a vested right in its franchise, but that all franchises and corporate privileges shall be held in trust for the people.

"Under the graduated tax on franchises and rights of way," writes Dr. W. G. Eggleston, "the Northern Pacific Railroad would have paid \$16,540 in Multnomah county, in addition to the regular levy. The Portland Railway Light and Power Company would have paid \$325,339 additional." The railroads and corporations have organized under the name of "Equal Tax League" to fight this amendment. Dr. Eggleston well says that "By equal taxation they mean keeping the taxes on farmers equal to the taxes on millionaire landowners and railroads."

Another writer says: "We now have a graduated tax on the farmer. The less he has the more we tax him in proportion, and the holdings of vacant grants and tracts of land and timber and city blocks worth millions escape in a graduated scale until many of them do not pay on fifteen per cent of their holdings. The farmer, though, pays a tax on fully one-seventh of his income."

Governor West of Oregon has recommended this tax, saying: "The way to break up large land holdings is by taxation." Robert Moran, the shipbuilder of Seattle, says: "I know of one instance of a manufacturing establishment, at present located in Seattle, being fined about \$35,000 (as a property tax) for the crime of conducting a manufacturing establishment. Stop taxing productive labor and put the tax on vacant land, which will put an end to speculation in such land and make manufacturing sites possible in Seattle."

The Oregon State Federation of Labor, in 1910, "Resolved, That the taxing of land values, exclusive of all improvements and personal property, wherever to any extent put in practice, encourages the employment of labor, attracts capital seeking to invest in manufacturing enterprises, discourages the monopoly of land and other natural resources being held for speculation and not for use, builds up the city and encourages the working farmer by reducing his tax burdens, puts the workers in homes of their own and makes for the higher forms of civilization."

METHODISTS KEEP
LID ON GAYITIES
NO BISHOP NAMED

MINNEAPOLIS, May 18.—The third ballot in the Methodist general conference on bishops again resulted in no election. W. O. Shepard of Chicago had 486 votes, which are 50 short of the necessary majority. Matt Hughes of Pasadena had 362 votes.

San Not Lifted
By a close vote, the Methodist conference refused to lift the ban from card-playing, dancing, theaters and similar amusements. The vote followed a three-hours' turmoil. The foreign delegation was almost unanimously against removing the ban. They held the balance of power.

A Welcome
Message

By request of many friends and patients, the Therapeutic Institute of Los Angeles have made arrangements for the well known Radio Specialist to visit the Rossmore Hotel, Santa Ana, Tuesday, May 21, from 9 a. m. to 3 p. m., one day only.

Every afflicted man and woman is invited to call at the Hotel for free consultation and advice.

Within the last four months more than three hundred sick people from Orange county have applied for treatment, and many of them are now cured, or greatly benefited by the Radio Treatment. The cases treated were of a chronic and most stubborn nature, cancers, tumors, consumption, stomach, kidney, and bladder troubles. No matter what your ailments are come and talk with us about your afflictions and let us demonstrate the means we have employed successfully in many similar cases.

This treatment has proved reliable and successful in diseases of women. It has cured the most severe cases of ulceration, fibroid tumors, inflammation and congestion of the womb and ovaries, irregular and painful menstruation, etc.

Cures are effected quickly without drugs or operation. No pain, no knife. If you are in need of medical aid call at the Hotel on the above date.

Doings In Social and Club Circles

THAT TRABUCO PICNIC

A Gay Party, a Naughty Auto,
Two Stout Ropes and a
Picnic Spread

"All's well that ends well," was the adage the ladies of Travelers' Club Number one, and their escorts, might have quoted when they reached home from Trabuco Canyon last Wednesday night, had they not all been too tired to indulge in quotations of any sort. For they were tired and dead tired at that, and thereby hangs a tale.

With the rosiest of anticipations and the gayest of spirits, the party started off in autos last Wednesday morning for Trabuco Canyon on their annual outing. Mr. and Mrs. A. W. Ames preceded the party in their runabout and all went well until they began the ascent of a steep grade on the route. Then Mrs. Ames, feeling a little shaky over the dangerous-looking road, concluded she would just as soon walk. Mr. Ames motored along to the apex of the grade, getting out there to wait for his wife. Neglecting to block the wheels of the auto, which, meanwhile settled into the somewhat soft ground on the lower side of the road, Mr. Ames was horrified when he began cranking the machine, to suddenly find it sliding, sliding, down the side of the hill. The descent was rapid and spectacular. As the machine went whizzing down, it turned a complete somersault, finally landing right side up in some chaparral some 50 feet below.

As the rear guard of motorists approached the scene of action, there was excitement galore. Some one cried "Ames' machine has gone over the bank," and for a bit of time, there was real fright as it was not known but what Mr. and Mrs. Ames were in the machine.

Words fail to tell of the struggles to hoist that machine up through 50 feet of space with only two stout ropes to aid in the lift. The women of the party showed themselves real helpmates, lifting as stoutly as the men until the refractory auto was once more on that mountain road, considerably worse for its tumble, but still able to contain passengers. It was a whopper struggle, however, on every up grade, and regularly as an ascent was reached, the men got out and pushed and pulled that automobile to the top. The story was repeated, in compound double measure on the return trip. It balked at little hills and just absolutely refused to take the big ones, and had not George Smith, the every-ready genial, clever and generous George, fastened the same two good stout ropes that had done such yeoman service earlier in the day, to his own and the machine

TO HONOR "ANGEL OF CRIMEA"

The memory of Florence Nightingale, world famous as the "Angel of the Crimea," is to be perpetuated and honored by medals bearing her name to be awarded to women who shall in the future distinguish themselves by caring for the sick and wounded on the field of battle. At least such is the plan considered by the International Red Cross conference held this week in Washington, D. C.

The plan is encouraged, according to telegraphic reports, by the willingness of the American central committee to advance \$500 toward the project and the similar willingness on the part of the Japanese to bear the proportion of the expense. The Hungarian committee suggests that one side of the medal bear the imprint of the "lady with the lamp," the original of which is in St. Thomas hospital, London.

and towed it over the worst of the hills, it would never have gotten along at all.

Finally the obstinate, unruly, crippled auto was left to the tender care of the owner and E. B. Smith, while the rest of the party whizzed homeward. The machine was tinkered up by the two so successfully that at last it simply sailed into town as obligingly and innocently as though it had not caused "oodles" more than the proverbial "peck of trouble."

Due anyway the Travelers and their husbands had a glorious picnic, for they are not the kind to be downed by such an unimportant happening as a festive runaway, somersaulting automobile tumbling down the side of a mountain and balking over 15 or 20 miles of highway. They spread their good things to eat in the loveliest sort of a mountain glade, where trees threw generous shade and a pure cold mountain stream dashed its foaming way over rocks and pebbles between fern-decked banks. Then they went on to the Trabuco tin mine, and climbed hills and gazed on sylvan scenery to their hearts' content, before starting on their homeward way which, as related before, proved almost as exciting as that of the morning. None of the party of twenty-six will soon forget their 1912 outing nor the Ames auto.

Missionary Tea

The Missionary Society of the Congregational church held its monthly meeting this week at the beautiful home of Mrs. Ella Fyfe on French street. Great bowls of lovely roses added their beauty and fragrance to the handsome rooms.

The program was in charge of Mrs. N. A. Beale. Mrs. Mary Rowell led the devotionals, and Mrs. Fyfe gave a couple of songs in her usual charming manner. Mrs. A. J. Crookshank gave a very interesting resume of the "Life of Shie," a noted Chinese missionary. A splendid report of the recent Women's Missionary Convention of Southern California was given by Mrs. C. F. Crose, who gave a blackboard instruction of some of the methods of the convention.

Cooling refreshments were served by the committee in charge of which Mrs. Ralph Meade was chairman. The next meeting will be held on Wednesday, June 19, and will be in charge of the Amphion Circle. The meeting will be held at the home of Mrs. W. B. Tedford on North Broadway.

Held Last Regular Meeting Household Economics Number Three met yesterday afternoon with Mrs. W. F. Lutz with a large number of members present. The house decorations consisted of lovely roses and sweet peas. The president, Mrs. G. H. Dobson, presided over the meeting which will be the last regular meeting of the year. Mrs. W. B. Williams read a paper on "Balanced Rations" and gave sample menus of properly and improperly balanced rations. Mrs. Williams of Orange also read a valuable paper. Mrs. E. A. Stockslager, chairman of the committee appointed to look into the local enforcement of the pure food regulations, read a report which was approved by the section.

Following the program, Mrs. Willis and Mrs. Williams passed slips of paper containing questions on the subjects of the papers which had been read. Mrs. E. A. Bell answered every question correctly and Mrs. W. W. Crozier knew the proper answer for all but two. Refreshments of fruit salad, cheese, wafers, coffee and cake were served in the dining room, pink sweet peas being used in the table decorations.

Miss Bedalia Cubbison, the curator of the Ebells, made her last official visit of the year at this meeting. She gave a little talk before the section in which she said the household economics sections were one of the most "up and doing" departments of the Ebells Society.

The next meeting will be the final meeting of the year and will take the form of a picnic at Balboa.

Choir Concert The date for the recital-concert by the First Baptist church choir is definitely settled for Tuesday, May 28. This concert will mark the close of the season and as a finale to a successful year director and choir promise their best work in this performance.

Will Meet Tuesday A special meeting of the Ebells Literary Section will be held next Tuesday at 2:30 p. m. with Miss Ida Nay, 520 East Sixth street.

Gifts From Japan The W. H. Thomas family of West First street is enjoying a visit from Mr. H. P. Jones, who is Mr. Thomas' uncle. Mr. Jones is a sailor and has just returned from Japan on the "Siberia." He brought many beautiful gifts from the Cherry Blossom Land. He has been in the employ of the Southern Pacific Steamship Company for forty years.

Entertained Sewing Club Mrs. Cecil DuBois was hostess yesterday afternoon at her pretty home on North Broadway, to the Sewing Club of which she is a member. The living rooms were brightened with roses, and music, furnished by the graphanola, was enjoyed while the needles flew. Delicious ice cream and cake were served.

The following were the members present: Mesdames Will Spurgeon and Hugh Plumb; Misses Florence Mullinix, Catherine Lutz, Vivian Helen and Vernon Clayton, Amelia Edgar, Ethel Roper, Marvel Baker, Hazel and Lena Thomas.

Men to Entertain Ladies One of the first social events of the coming week will be an entertainment at the Masonic Temple. On Monday night, May 20, the gentlemen members of the O. E. S. will entertain the ladies of that order.

The ladies of the order have been entertaining a great deal of late, and to square themselves the gentlemen propose to return the favor. The men will be hosts in the fullest sense, furnishing and serving the refreshments as well as performing all other duties of the evening.

All members of the order, including visiting and sojourning members, are cordially invited to be present.

AMUSEMENTS

A Man Worth While All of this blustering about "The Best Man" for the Presidency of this, the Great United States, is called by some who live off the spoils of the victorious ones as a matter of business, and some say that politics is a business of its own. It may be so, but if half of what one fellow tells of the other fellow, and vice versa, is true it is logical that, such a great country and its people as ours is, that we hardly require any such, to be our standard. Be that as it may. We want "a man worth while," and such is the title of one of the four feature pictures, to be seen at the Bell tonight and Sunday, when you see only the Brightest and Best two big acts of vaudeville and four new pictures.

TY COBB SUSPENDED-- DETROIT TEAM QUILTS--BASEBALL WAR ON

PHILADELPHIA, May 18.—Following Tyrus Cobb, the Detroit American baseball team left Shibe Park in a body today when President Johnson refused to raise the suspension against Cobb. It is predicted their action will precipitate a baseball war extending through both major leagues.

Story of the Trouble PHILADELPHIA, May 18.—With the entire Detroit American League club in Philadelphia threatening to strike as result of the suspension of Ty Cobb for striking an insulting fan, organized baseball is in an uproar today. It is possible the strike may extend throughout the league. President Johnson refused to remove Cobb's suspension. To hold the franchise, Manager Jennings of Detroit announced that he will meet Philadelphia this afternoon with college recruits. The Georgia delegation to congress telegraphed Cobb congratulating him upon his actions.

The congressional telegram read: "As Georgians we commend your action in resenting an uncalled for insult. We hope for your complete exonerated and speedy restoration. We are proud of your record as a leader of your profession."

The message was sent by Senators Bacon and Hoke Smith, Congressmen Edwards, Rodenberry, Hughes, Adamson, Howard, Bartlett, Lee, Tribble, Bell, Hardwick and Brantley.

President Johnson declared if the players failed to play today because of Cobb, all would be suspended. The players, while firm in their stand, declare they will protect Manager Jennings as far as possible. They agree to permit a sufficient number of their regulars to play this afternoon to fill up the gaps in the line-up Jennings is trying to get together. Jennings will lose \$5000 daily in fines if his team does not play.

Y. M. C. A. BASEBALL GAME POSTPONED

The baseball game scheduled to have been played on the Lincoln athletic grounds on Monday next between the Germans and the Baptists in the Y. M. C. A. Baseball League, has been postponed on account of the benefit game and contests between the ministers and the schoolmasters taking place on that day.

The chairman of the athletic committee wishes the members of the teams to get together and arrange on which night to play the game. He stated that it must be played during next week. The grounds are available every night, except next Tuesday when the S. A. H. S. has a game scheduled.

RUEFF INDICTMENTS SWEEP FROM COURT CALENDAR TODAY

SAN FRANCISCO, May 18.—All eight indictments charging Abe Rueff with bribery, were wiped from the calendar by Judge Dunne, in accordance with a mandate issued earlier in the week by the Appellate Court.

The dismissal of the indictments removes the barriers to the publication of Rueff's personal story of the graft days of San Francisco.

CALIFORNIA BANKERS MEET AT LONG BEACH

LOS ANGELES, May 18.—The Long Beach Convention of California Bankers will convene Thursday afternoon May 23, instead of Thursday morning as originally planned.

The change was announced in a bulletin issued yesterday by Frederick H. Colburn, secretary of the association.

Members of the association will try to complete their business by Friday evening so that Saturday, the last day of the convention, can be devoted to sightseeing.

Sessions will be held in the ballroom of the Hotel Virginia.

BONFIRE SERVICE SUNDAY MORNING

Presiding Elder to Preach Tonight and Sunday Morning at M. E. Church South

Rev. Mr. Stem, pastor of the Methodist Church, South, was delighted with the splendid meeting of last night, it being one of the best of the revival now in progress there. The especially pleasing feature of the service was its sweet and devotional character, almost every member of the goodly congregation present testifying to the precious benefit gained from living a Christian life. The same earnest and tender spirit pervaded the congregational singing.

Tonight and tomorrow morning also tomorrow evening, Presiding Elder J. J. Kinney will preach, thus having the happy privilege of presiding when the bonfire or cancelled ones, representing the recent indebtedness of the church, shall blaze on the church platform tomorrow morning. A specially designed chimney and receptacle has been prepared for the bonfire.

All are heartily invited to participate in any or all of these services. They will find the fellowship to be whole hearted and cordial, and will meet with a warm welcome.

What San Diego Has To Say In Her Defense

From the San Diego Tribune

San Diego is in the attitude of a man who has been assaulted by thugs and recovering himself strikes back, not wholly in self-defense but largely in retaliation, disdaining to call for the police because he has confidence in his ability to hold his own against his assailants.

Other communities have suffered and San Diego has suffered and turned the other cheek by appealing to the law that was powerless to prevent the original injury. The law can only act when its mandates have been violated. Even then its processes are slow and tedious and so many safeguards have been thrown the criminal that no prophet may predict with infallible surety what the ultimate verdict may be under the ruling of the law's intricate technicality.

Prevention is invariably better than cure; a crime thwarted is more to the purpose than a crime punished. A murder may be expiated by the death of the murderer; but the victim derives no satisfaction from the expiation.

Whatever may be the ultimate outcome of the conditions now existing in this city, it is certain that they would have been infinitely worse if the citizens had not taken the law into their own hands. They have made into the hands that created the law, and by firm administration of the law above all other law—the law of self-preservation—have saved the community from riot and bloodshed; from the martial law that was necessary in Lawrence and the lynch law that is frequently necessary in the southern states. There is no lawlessness in San Diego, that is not provoked by lawlessness, and whatever violence has been necessary to preserve the general peace of the city is mild in comparison with what would have ensued, if the law-breakers now

clamoring for "justice" had been permitted to go the lengths they intended, even within the law and what they are pleased to call their "constitutional rights;" although in all their wild oratory and their every act these same applicants from lex talionis of natural justice have insisted that the constitution is a mockery and the statutes shackles on the limbs of a people that are and of right ought to be free to do as they see fit irrespective of the rights of all others.

These Russian anarchists, Emma Goldman and "Dr." Reisman, committed no overt act in coming to San Diego, and it is possible that they had no intention of inciting riot here; but it is certain that their very presence was an overt act, and if they had been permitted to exercise their "constitutional" right of free speech riot would have been incited. This was prevented by the citizens of San Diego. The Goldman woman was not permitted to speak in San Diego and she, with her companion, were forced to leave the city. They had been warned in temperate language by the San Diego chief of police not to come. Their persistence in the face of the warning was their undoing. As an observer of what happened remarked: "They read the State, in fact there is no limit to the variety of crops and fruits that can be grown to the very best advantage in this soil. It has been rightly termed the country of the Big Potato."

A committee with autos has been appointed to show everybody around free, and we extend a hearty invitation to all our good neighbors to see this beautiful little valley of ours in all its glory. Come over on the Santa Fe in the morning, back in the evening. The San Jacinto Board of Trade, San Jacinto, Cal.

LOOK for another message in this paper tomorrow. Send card for photographs and further particulars.

Come Now, Bargains Everywhere

Since the Great Water Discovery in SAN JACINTO, the whole Valley is on the move. Had it been a Gold Strike, the excitement could not be greater. It certainly could not have done as much genuine good to as great a number of people. It is a case now of a cozy, thrifty home in one of the most fertile, as well as the most beautiful garden spots on earth, before they are all gone, or the price gets beyond the reach of the average pocketbook. They are bound to treble or more in price, and still be a bargain over anything else with similar advantages. We prophesy that it won't be four months before every foot in the Valley will be selling at a premium.

Remember, every acre is at present

under a high state of cultivation, great apricot, peach and walnut orchards, the best alfalfa fields in the State, in fact there is no limit to the variety of crops and fruits that can be grown to the very best advantage in this soil. It has been rightly termed the country of the Big Potato.

A committee with autos has been appointed to show everybody around free, and we extend a hearty invitation to all our good neighbors to see this beautiful little valley of ours in all its glory. Come over on the Santa Fe in the morning, back in the evening. The San Jacinto Board of Trade, San Jacinto, Cal.

Hill's Corner

At this present writing it looks as though we were to have "a square deal all around" and this corner of the Kansas Tin Shop seconds the motion and having just received another carload of iron pipe (about forty thousand feet) and other cars of heavy goods on the road, together with the largest stock of general hardware and plumbing goods that is to be found in any exclusive retail store in Southern California and the men that know how to handle the goods, we are prepared to give a Square Deal in the matter of quality or price.

Bath Tubs and other plumbing goods are on the "toboggan" and prices have been further marked down within the past few days.

their legitimate functions. More over it must be understood that these disturbances are not from domestic sources entirely; the bulk of the trouble is incited maliciously and deliberately from the outside. Persons of the Goldman, Reisman and Haywood type are constantly urging their dupes to "carry on the war against the city." San Diego is quite willing to meet the issue as it arises, but in the combat San Diego does not propose to confine herself merely to a policy of self-defense, taking all the blows upon her guard and refraining from the countering stroke. And in the end we are sure that an honest public opinion will sustain us in all we do to maintain our self-respect as a community and to protect ourselves against a menace that would not be tolerated by any other city.

A LITTLE FARM

—to bring—

A Steady Income

Is the ambition of many a man. Perhaps it is yours. If so, why not let us help you realize it at Marinette, the New Town and Orchard Community in the Salt River Valley, Arizona. You may not have the ready money right now to buy your ideal of a place and have it all in full bearing, but why not buy the raw land where the Soil is the Best, the Climate Favorable, and the Water Abundant and have it set and cared for at actual cost by a practical man, and growing into money under our non-resident plan, while you continue in your present position?

The total cost for five years, including land and care of trees, of 10 acres at Marinette, scientifically cared for, should not exceed \$3700, and only a portion of this is required now, while the net return the fifth year should approximate \$1000, thus cutting the actual cost of THE LITTLE FARM down to \$2700, and in the meantime it is worth from \$7500 to \$10,000. Not so bad is it?

Now we know it will pay you to see us and it will please us to see you and have a talk about this plan, giving you further details and our guaranteed literature which is something new.

Come in and have a talk with us about it.

JUDGMENT FOR THE DOCTOR

Jury Refuses to Give Damages
in Shonlee vs. Dr. Shank of
Huntington Beach

Judgment for the defendant was the verdict brought in yesterday evening by the jury that heard the evidence in the suit of R. A. Shonlee against Dr. G. A. Shank of Huntington Beach, asking \$15,000 damages on the alleged carelessness of Dr. Shank in caring for Mrs. Shonlee during her last illness.

The jury went out at 5:27 o'clock, and reached a verdict in twelve minutes.

Dr. Shank was represented by A. W. Griffith of Huntington Beach and H. T. Morrow and A. B. Coll of Los Angeles, and Shonlee's attorneys were S. S. Finley and E. E. Keech of Santa Ana. Shonlee will have to pay costs, including jury fees and witness fees.

MONROVIA CELEBRATES 26TH BIRTHDAY WITH GAY CARNIVAL

MONROVIA, May 18.—Monrovia awoke yesterday morning to find itself twenty-six years of age. The city's birthday was celebrated in a manner expressive of its rapid and substantial growth. Few sixth-class cities can produce such a demonstration as that witnessed in the Gem city yesterday when a parade of beauty and magnificence moved over the principal business streets.

Flags, bunting and other decorations of yellow and white betokened the carnival spirit.

Your Druggist . Stops That Itch

If you are suffering from Eczema, Psoriasis or any other kind of skin trouble, drop into our store for instant relief. We will guarantee you to stop that itch in two seconds.

We have sold other remedies for skin troubles, but none that we could recommend as highly as this, a mild wash of Oil of Wintergreen, Thymol and a few other ingredients that have wrought such wonderful cures all over the country.

This compound is known as D.D.D. Prescription for Eczema and it will cool and heal the itchy, burning skin as nothing else can.

A 25c trial bottle will prove it. Of course all other druggists have D.D.D. Prescription—try them if you can't come to us—but don't accept some big-profit substitute.

But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee—if you do not find that it takes away the itch AT ONCE it costs you not a cent.

TALKING IN FIGURES.

Significance of Certain Numbers in the Telegraphers' Code.

"In the telegraphers' code numbers have special significance of which the general public is not aware," remarked a veteran key night the other day. "Most everybody knows that 30 means 'good night,' or the end of a story, but few outside the profession know that 31 is also a code sign. Railroad operators, however, know that this call is a signal to the operator at the other end to come back and repeat train signals to the sending operator. It also has another meaning. 'Train order to be signed by conductor and engine driver.' Nineteen, on the other hand, means that the train order is not to be signed by conductor or engine driver. Twenty-four has also the latter significance on some roads.

"Five is simply an interrogation point and in the vernacular could be translated 'Anything doing?' Thirteen signifies 'Do you understand?' Twenty-five means 'busy,' but nobody seems to know how it came to have that significance unless perhaps it means that the operator is still in the midst of his work, being some distance away from 30.

"Seventy-three means 'best regards,' and newspaper men and operators employ this expression constantly. Of course 23 has come to mean in this numerical language just what it does in ordinary parlance, 'skidoo,' 'vamoses' or 'best out' or any of the thousand and one other equivalents."—New York Herald.

Pulleys.
Pulleys were first made in the year 516 B. C.

Alligators.
Alligators are said to eat nothing to water. Their diet is almost all meat, preferably liver. In cool weather they eat about once a week and in warm weather oftener.

Astec Sorcerers.
The Aztecs had sorcerers whose special business was to turn aside hailstorms from the maize crops and direct them to waste lands.

Letter Writing.
Letter writing began to be an art in 1035 B. C.

"Nellie" Grant.
Ellen Wrenshall Grant, affectionately remembered by most American people as "Nellie" Grant, was the first child of a president to be married at the White House.

Vanadium.
Vanadium, a costly metal, the ores of which are very widely distributed, occurs, according to one authority, in all primitive granite rocks, but in small quantity. It is difficult to obtain in a state of purity and is of value in processes connected with the manufacture of steel.

Stenography.
The oldest system of stenography extant was devised in 1412. Shorthand writing was practiced by the ancients, but their method has not been handed down to moderns.

Poll Tax.
A poll tax existed among the ancient Romans. It was first levied in England in 1086 and occasioned the Wat Tyler rebellion.

Weights and Measures.
Weights and measures were invented by Phidion of Argos in 800 B. C.

Sewing Machines.
The earliest patent for a sewing contrivance was granted in England on June 24, 1755. The first complete sewing machine designed for general purposes was patented in the United States on Sept. 10, 1846.

Quarantine.
First quarantine was established at Venice in 1127.

Lifting the Napkin Ring.
Lay a napkin ring on the table and try to pick it up with the first finger. To do this it is necessary to twirl the ring very rapidly. The motion must come from the wrist entirely.

Kiss Greetings.
It is an act of politeness in parts of Germany to kiss the hand of a lady, but in Italy this privilege is allowed only to near relatives, while in Russia it is extended to kissing the forehead.

Life Preservers.
Life preservers were brought into popular use in 1820.

Ancient Sculptors.
Bezaleel and Aholab were the first sculptors on record, which was in 1401 B. C. Besides carving in stone and wood, these two artists devised beautiful works of gold and silver.

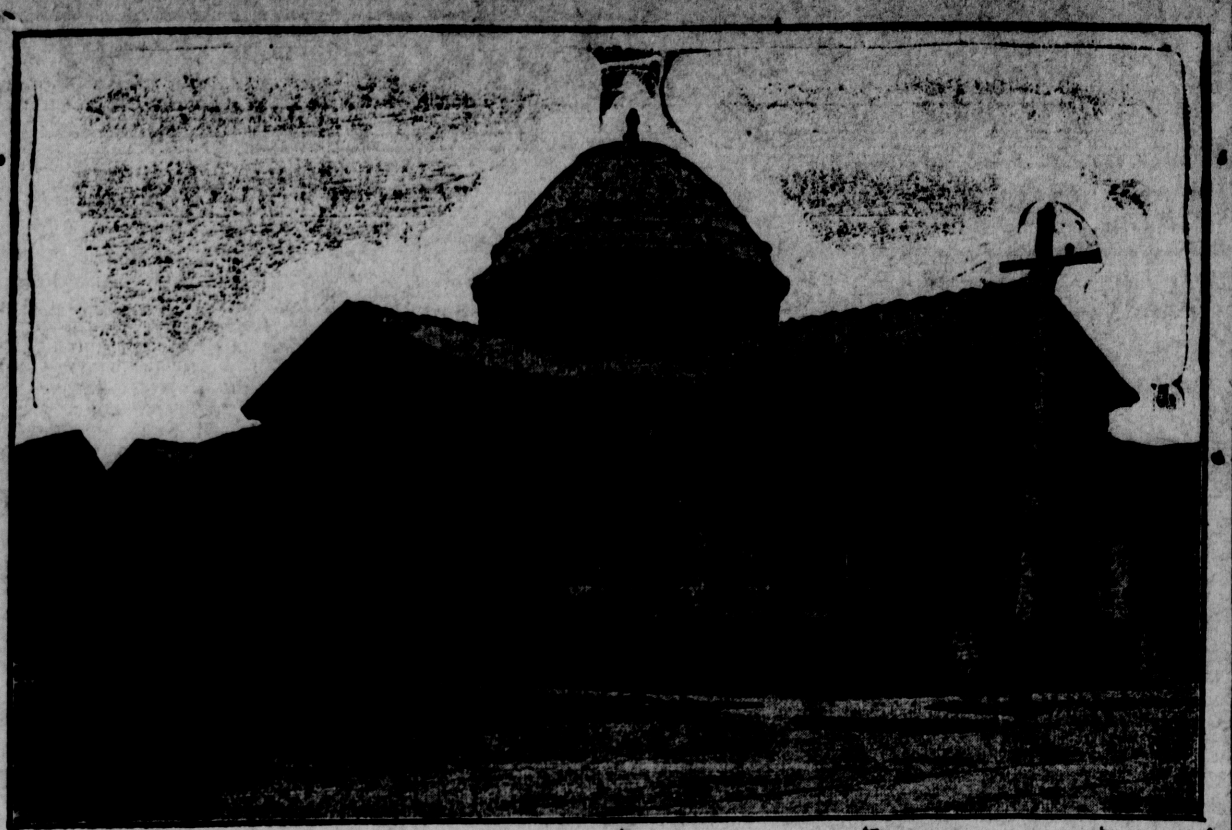

Umbrellas.
Umbrellas, which were first introduced in this country at Baltimore in 1770, were commonly scouted as evidences of effeminacy.

The Magic Lantern.
Roger Bacon, English philosopher, invented the magic lantern in 1290.

PROHIBITION CONVENTION

Delegates Elected to the State
Meet—Wiley Phillips Made
Fine Address in Cause

The Prohibition Convention of Orange county was held yesterday at Spurgeon's Hall with a goodly attendance.

The meeting was opened by Amos Wright, chairman of the Prohibition central committee, and the forenoon session was given over to the women. Mrs. G. P. Hill presided and "Party Responsibility" was discussed fully, a number of prominent women making addresses. Among these were Mrs. Frances Paine, of Orange; Mrs. W. L. Shatto, Tustin; Mrs. George Beardsley, Garden Grove; Mrs. Durham, El Modena and Mrs. Cox, Cypress.

The afternoon session was devoted to short talks on the prohibition cause and to the election of delegates to the state convention to be held in Los Angeles on June 5 and 6. The following were chosen delegates: Ed. Chaffee, Mrs. Frances Paine, Amos Wright, F. D. Ashleigh, Rev. B. C. Johnson, Mrs. Belle Rogers, Mrs. W. L. Shatto, J. A. Knapp, H. M. Moore, N. H. McCulliston, Rev. Geo. J. Franklin.

The ministers present gave five minute talks and talks were made by Mesdames Vance of Santa Ana, Cox of Buena Park, Rev. W. C. Bailey of Pasadena, and Rev. Wiley J. Phillips of Los Angeles.

Amos Wright was re-elected chairman of the central committee and Edward Chaffee of Garden Grove, secretary.

The evening session was devoted to an address by Wiley J. Phillips of the California Voice. His address abounded with good material. He covered the political outlook for the party and its duty to cleanse the state, particularly San Francisco with its disgraceful Barbary Coast, from the saloon curse, before the world is invited to the Panama Pacific Fair.

His address made a deep impression on the goodly sized audience assembled to hear him.
